NINE EXCITING INTERIOR DÉCOR FALL TRENDS YOU DON'T WANT TO MISS

Fall is a beautiful season! All the stunning colors nature presents us with, warm beverages and cozy nights in. It's that time of the year we all start to spend more time indoors again. And who wouldn't want the indoors to look as beautiful as ever?

Trends around this time tend to go through a complete renovation, although some elements from last seasons may remain. It's that time of the year when everyone wants to update their wardrobes and their homes, getting it ready for the upcoming holiday season.

This year, the trends are all over the place. Marble continues to take stand and the colors and fabrics are very adapted to all the cozy needs this new season brings.

1-MARBLE TABLES

As in the previous seasons, marble will continue to make a statement during the Fall. This time the trendiest items will be marble tables and countertops. If you'd like to hop on board with this trend a marble center table, as the Beyond, is a great option. It's as beautiful as practical as it provides storage.

2- TEXTURE

During Fall, we all want to make our homes as cozy as possible. For this purpose, textures take a leading role, as fabrics can add great comfort to a home. A tufted chair in a rich fabric, such as velvet can add a lot of texture to an interior. Check the Charla Dining Chair and turn your dining room into the most fall ready room of the house. It's also in a great fall color.

3-NAVY BLUE

A huge trend is using navy blue as a statement color. As it is a soothing color it looks good in every room, from the bathroom to the bedroom, from the kitchen to the office. It looks best with white, grey and gold. A gold pendant lamp like the Burj would make the blue pop!

4-METALLICS

Although this is not a new trend, just take a look at all the metallic clothing items out there, it will be a huge statement in the Fall! You can opt for hues, as the Draycott pendant lamps, or a full on interior in metallic tones, such as gold. The best part is that you can use it in any room of the house!

Even in the kitchen.

5-VELVET

As it was mentioned, Fall is the season for cozy fabrics! And what combines best coziness and style than velvet? A velvet stool such as the Noir is a great option, as it's a subtle item that you can move around the house.

6-ENTRYWAY STYLING

Entryways and foyers are a huge part of our homes! We don't even realize how much it can say about us and our décor style. If you'd like to keep things fresh in this area, catch up with this trend and give your entryway the styling it deserves. Pendant lamps, as the Waterfall, can be a great choice as they give the most unique look. To make it fall ready you can add a fur rug and a few decorative items in fall colors.

7- GOLD LAMPS

Gold is a huge trend! But it's not the easiest color to incorporate in your home. Try to start small with a glamorous pendant lamp, as the Babel, or a side table. You can place it next to a comfy armchair by the fireplace and have a spot ready for all the fall reading sessions.

8-ROUND MIRRORS

These are not a new trend, but that doesn't mean they aren't as important. Round mirrors with a twist are especially on trend! They can add a touch of exclusivity to any interior setting and the best things about mirrors is that they are as practical as they are beautiful. The Darian Mirror, with subtle hints of gold is an amazing choice.

9-JEWEL TONES

One of the biggest trends for the next season are jewel tones! Emerald green, rich purples and reds. It's one of the most luxurious trends but use it carefully as it may overwhelm the room you put it in. A great color pairing with emerald green is black and gold. The Waterfall Round suspension is a great choice!

Make your home Fall ready with these new trends!
